

## Chinavasion Bank Transfer Payment Instructions

To pay for your Chinavasion.com order by Bank Transfer you need to send money to the Chinavasion Wholesale Ltd bank account in United States.

To successfully send a Bank Transfer payment, please follow the instructions:

- If you have an online bank account you can send money by going to the "payments" or "overseas transfers" interface.
- Your phone banking may allow you to phone in an overseas payment instruction.
- If you can't do it by internet or phone, you can visit your bank branch in person and provide them with the details.

### IMPORTANT

*Don't worry if you can't send money in foreign currencies. Please try to send the payment in the same currency you used in the Chinavasion order checkout. If you select Chinese Yuan (CNY) currency in order checkout, please convert your payment to US Dollar (USD) to make the bank transfer. But if you can only send money in your local currency, please add a request to inform our bank to convert the payment into the same currency you used in the checkout, we will deal with the conversion on our side. Please ensure you add additional funds to cover transfer (possible intermediary bank fee as well) and possible conversion charges. Ask your bank how much you need to add, to avoid underpaying your order (you should select to "pay all charges").*

## Bank Transfer Preparation Checklist

1. Print out your order summary from your Chinavasion.com "My Account" and note the total amount payable.
  - a) To find a printable view of your latest order number at any time you can go to: <https://secure.chinavasion.com/checkout/mylatestorder>
  - b) To view all of your past orders go to: <https://secure.chinavasion.com/myaccount/>
2. Give your bank the Chinavasion bank account details (see below)
3. Instruct your bank to add comments stating your Chinavasion order number
4. Instruct your bank that you will pay charges, so your full payment arrives. If your order is underpaid due to your not paying the bank charges, we will put the amount we received onto your account credit but it would mean you have to make a new order within that credit amount
5. Double check if your payment amount is correct before you confirm to your bank
6. Ask your bank for a receipt showing the details of the transfer instruction

**PRINT OUT THESE DETAILS TO TAKE TO YOUR BANK!**

If you are going to your bank branch in person to make the transfer, use the following details for your bank transfer:

---

Please write down our bank account and bank address correctly in order for our bank to receive the payment without any delay. Otherwise, it may cause much delay for our bank to receive your payment or maybe the payment will be returned to you.

---

Please instruct your bank to add comments to the transfer In order for us to match your payment to your order; please make sure you add your name and **order number** on the bank transfer comments (under "Payment details"). You should also email us a copy of your bank transfer receipt if possible.

---

Instruct your bank that you will pay charges! Ask the bank staff clearly to inform you about the transfer charges including any intermediary banks. Don't worry; it is normally just a few dollars. You must select to "pay all charges" since if the money arrives less than the required invoice price we may not be able to process your order. If for any reason you accidentally underpay your order we will contact you to discuss and hold your payment on credit. If you overpay the amount needed for your order, the remainder will be put on your Chinavasion account credit to use next time you place an order.
